Projects

Portfolio – desco.vercel.app

This is my portfolio website, check out some of my projects

DESCO – <https://alba-sports.vercel.app>

This is website of a club called 'Desco.com', it is authenticated with firebase where interested people can sign up and join. It also has a profile dashboard, You should enjoy this absolutely. Users have their dashboards built using React Js, Styled components and Firebase.

READ QURAN APP – <https://readquranapp.netlify.app>

if you are muslim or interested in reading the quran, This is for you!. I made this using a quran API. It's fully functional, Built with #react #styled-components #API

Salad – <https://saladdemo.netlify.app>

This is a demo for a web-app `Salad` where customers can order food and it will be delivered to them. Aesthetically pleasing and good graphics. View!

Justice – <https://justicehere.netlify.app/>

This is a website where you can get services of lawyers and even get free consultation.

Setra Restaurant– <https://setra-resturant.vercel.app/>

This is for a restaurant where customers can go and know more about them and their services .

Lampnet Internship – <https://lampnet-trial.vercel.app>

One of my trial projects for Lampnets Internship

Personal Achievements

- Runner-Up Digttest Competition (Digital Peers International)
